DEMAND J. W. BRADLEY'S CELEBRATED PATENT DUPLEX ELLIPTIC (OR DOUBLE SPRING)
SKIRT.

THE WONDERFUL FLEXIBILITY and great COMFORT and PLEASURE to any lady wearing the DUPLEX ELLIPTIC SKIRT will be experienced particularly in all crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a Silk or Muslin Dress, an invaluable quality in crinoline, not found in any Single Spring Skirt.

A lady having enjoyed the PLEASURE, COMFORT, and great CONVENIENCE of wearing the DUPLEX ELLIPTIC STEEL SPRING SKIRT for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the Single Spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered, preventing them from wearing out when dragging down steps, stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the STANDARD SKIRT OF THE FASHIONABLE WORLD.

To enjoy the following inestimable advantages in Crinoline, viz: superior quality, perfect manufacture, stylish shape, finish, flexibility, durability, comfort and economy, enquire for J. W. Bradley's Duplex Elliptic, or Double Spring Skirt, and be sure you get the genuine article.

CAUTION.—To guard against IMPOSITION be particular to NOTICE the skirts offered as "DUPLEX," have the red ink stamp, viz: "J. W. Bradley's Duplex Elliptic Steel Springs," upon the waistband—none others are genuine. Also Notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other skirt.

FOR SALE in all Stores where FIRST CLASS skirts are sold throughout the United States and elsewhere.

The agents of "L'Email de Paris" most confidently submit to the public the earnest endoresements of such distinguished ladies as

The beautiful Lucille Western says:

"I find that the 'Email' produces all the brilliancy of rouge and lily-white, with the great and peculiar advantage of total harmlessness. It really adds to the softness and beauty of the skin."

The magnificent Vestvali says:

"I have suffered so much from the various white lotions, &c., which my theatrical profession obliges me to use, that I consider it a perfect benefaction to find a preparation which gives the necessary whiteness to the skin, and leaves the skin cool and smooth."

Miss Maggie Mitchell says:

"I have tried the skin beautifier, 'L'Email de Paris,' and found that it instantly imparts a natural bloom and freshness to the complexion."

REFLECTIONS ON VIEWING A BATTLE-FIELD.

BY W. L. B.

Do I dream? or stand I now
Where hostile legions stood,
Face to face with the foeman's vow,
Each seeking other's blood?
Did here the thick mass'd lines advance
With steady march, and slow;
While o'er them in fantastic dance,
The burnished bayonets glow.
Was't here, engaged in earnings dire,
Two foes with fiercest zeal?
Stood face to face with lines of fire;
Two blazing lines of steel?
Was't here the fiery charger flew
Through danger's unsurvey'd?
Was't here the daring horseman drew
His flashing battle blade?
Was't here the cannons thunder spoke—
Shook mountain, hill, and plain?
And curled the cloud of battle smoke
Above a field of slain?
Are these the hills that trembled so,
Beneath the battle shock,
Of fifty cannons thundering woe,
While fifty more them mock?
Was't here the loud command was given
And readily obeyed,
By thousands on to battle driven,
'Neath war's sulphuric shade?
Is't here, that thousands who that morn
Were full of breath and life,
Lay 'neath the soil where raged the storm,
All mangled in the strife?
Was't here the wounded wretch invoked
But pity, and found none;
Received the horseman's fiendish stroke;
Was trodden to the ground?
In fine, was't here in bloom of life;
All healthful, vig'rous then;
There met in dire and mortal strife
Twice fifty thousand men?
Alas! 'tis true! that awful truth,
These mounds, long, long will tell,
That hundreds, strong, nimble youth,
Here nobly fought and fell.
Here braves from many a vale and hill;
A hundred smiling plains,
A sacrificial altar fill'd,—
Their country's highest claims.
Here sylvan monarchs prostrate lie,
In shattered, mangled forms,
Whose branches grasping wide and high,
Had mocked a thousand storms.
Come here, and bow, ye who enjoy
That prize for which they fought.
The widow, and the orphan boy,
Know well how dear 'twas bought.
Let a sorrowing nation's tears
Damp here, where damped their blood;
And let a grateful people's cares
Give to their orphans food.
Oh! cursing sham! Oh! horrid war!
Can man thus go amiss?
What fruit fair freedom's tree must bear
In recompense for this!
'T must yield as UNION, strong and firm;
And peace, that priceless boon,—
No fires of sectional hate to burn,
And national pride consume.
If sectional strife our hearts inflame,
And sectional hate prolongs,
Our freedom's but an empty name,
To gild a page of wrongs.

Agricultural & Domestic.

BEEF CATTLE SHOULD BE FAT.

Farmers sell too many of their beef cattle when they are in merely ordinary condition. In doing this there is a two-fold loss that but few consider. The animal yields a less number of pounds and the meat brings a lower price. Between ordinary beef and really choice, fat beef there is always a difference of two or three cents per pound, and this difference, when added to the whole number of pounds, when the animal is in the best condition, will be found to be no mean amount. Nothing pays better than the few bushels of grain or the few days upon good June grass, that puts the "finishing touch" upon what is generally denominated a good beef animal. Those of our readers who have followed this often repeated advice in our live stock market reports are witnesses to its soundness. Do not be in a hurry to market, under ordinary circumstances, until cattle are really fat. The same applies to all other market animals.

FACTS IN FRUIT CULTURE.

Doctor Trimble, of Newark, New Jersey, who has paid great attention to fruit culture, gives the following as his views—the result of many years experience:

1. That the most successful way to conquer the curculio is to gather the fruit as it falls and feed it to the stock or destroy it, as it is by this fallen fruit that the curculio propagates its species.

2. That the fruit of the apple tree can be protected from the apple tree moth by wrapping around each tree two or three times a rope made of straw. The moths will harbor in this rope and can then be destroyed.

3. That the only way to kill the peach tree borer is to cut him out with a knife, not once only in a season, but to follow him up every two weeks until exterminated. After the first "going over" of an orchard this will be little or no trouble, as each tree can be attended to in two minutes.

AGRICULTURAL ITEMS.

A Wisconsin man says he finds calves do as well when fed on bean soup as when given milk. The soup is made as for family use, with about a tablespoonful of salt for each quart of soup.

Advices from Algiers announce the reappearance of locusts. General Marbier has placed at the disposal of the local authorities a detachment of soldiers to assist in their destruction.

A farmer in Smyrna, Del., is reported to have sold his strawberry crop of four acres for $4000, the purchaser to do the picking.

A flock of 200 sheep and lambs gambol on the green lawns in the Central Park, New York, attended by an old shepherd and two dogs.

Armies of caterpillars are desolating the forests in some parts of Tennessee.

The weight of the flour in a barrel is supposed to be 196 pounds. The Buffalo Board of Trade has adopted a resolution requiring 200 pounds in each barrel, to comform with the Cental system of weights and measures.

The highest income returned in Chicago is that of Cyrus H. McCormick, $169,760; the next that of Peter Schuttler, $112,625. These two are the only ones exceeding $100,000. McCormick made his money on reapers, and Schuttler on farm wagons.

STIR THE SOIL.—The value of keeping all soils well stirred, among cultivated crops, is not half understood by the great mass of our farmers. Don't let the land become hard and baked, but run your plough and cultivator through your crops, and use the hand-hoe thoroughly. The benefits derived from working the soil—keeping it mellow—admitting the air, &c., must not be overlooked if you wish good crops. Stir the soil.

FRENCH METHOD OF RAISING TOMATOES.

As soon as a cluster of flowers is visible the stem is topped down to the cluster, so that the flowers terminate the stem. The effect is, that the sap is immediately impelled into the two buds next below the cluster, which soon push strongly and produce another cluster of flowers each. When these are visible, the branch to which they belong is also topped down to their level; and this is done five times successively. By this means, the plants become stout, dwarf bushes, not above eighteen inches high. In order to prevent their falling over, sticks or strings are stretched horizontally along the rows, so as to keep the plants erect. In addition to this, all the laterals that have no flowers, and after the fifth topping, all laterals, whatsoever, are nipped off. In this way the ripe sap is directed into the fruit, which acquires a beauty, size and excellence unattainable by other means.

THE ANGEL GABRIEL.

My friend Major C. had an old darkey to whom he was much attached. One evening, at a party, Peter, from imbibing too freely of various mixtures, began dancing round with a waiter containing some ices and cakes, and soon became uproarious. Observing his conduct, the Major publicly reprimanded him, and at once dismissed him from his post of waiter for the evening, and appointed another in his place. This last stroke was too much for old Peter, and he retired to his bed room in despair. That night Capt. K., a jolly young officer in the room adjoining Peter's hearing sobs and groans in the next room, rose to inquire what was the matter. He opened the door of Peter's room and reconnoitered.

Peter was kneeling by a window and praying. Amid his loud cries the captain heard the following:

"O Lord, have pity on thy poor old servant. His massa, who he used to take upon his knees when he was a boy, is vexed with his poor old darkey, and I don't want to live any longer. O, dear Lord, please send the angels for old Peter. Just send the angel Gabriel this minute down to take old Peter to Abraham's bosoms! O, please, Lord, do! Please, Lord, this minute; I am ready to go!"

Capt. K., ever ready for fun, immediately seized upon a white counterpane, and enveloping himself in it, rapped three times at Peter's door.

"Who's dar?" exclaimed Peter.

"The angel Gabriel, come to take old Peter to Father Abraham's bosom!" replied Capt. K., in a sepulchral tone.

"De who, massa?" fearfully asked the suppliant.

"Old Peter."

"Well, I just tell you, massa, dat nigger don't live here; I don't know him at all!"

Capt. K. rushed back to the company, convulsed with laughter, and old Peter relates to this day the wonderful answer to his prayer.

☞ The subject of impression at first sight was being talked over at the supper table, when the lady whose duty it was to preside "over the tea cups and tea" said she always formed an idea of a person at first sight, and generally found it to be correct.

"Mamma," said the youngest son, in a shrill voice that attracted the attention of all present.

"Well, my dear, what is it?" replied the fond mother.

"I want to know what was your opinion of me when you first saw me."

This question gave a sudden turn to the conversation.

A Fourth of July Toast.—The following toast is submitted for the next fourth of July celebration:—"The American Eagle—perched on the highest crest of the Rocky Mountains, he flaps his wings in the Atlantic and Pacific Oceans, quenches his thirst in the ice water of the Artic Sea, and shakes his tail-feathers over the Gulf of Mexico."

Good for Injin.—An Indian passing up the streets of Natchez, a few days since, was asked the relative position of white man, negro and Indian. Giving an unusual "ugh!" he said: "Fore de war, first cum white man, den injin, den dog, den niger; now cum niger, den dog, den injin, and white man last."

☞ "Ma," said a little girl to her mother, "do the men want to get married as much as the women do?"—"Pshaw! what are you talking about?" Why, ma, the women who come here are always talking about getting married—the men don't."

☞ A forlorn fellow says thus plaintively:—"When Sally's arms her dog imprisen, I always wish my neck was his'n; how often would I stop and turn, to get a pat from a hand like her'n; and when she kisses Towser's nose, Oh! don't I wish that I were those."

☞ A lady tramped on a dog's tail at Omaha, the other day, and the animal bit her leg. The blood did not flow, however; only sawdust flew. He did not go deep enough for blood. This is the most useful purpose we have ever heard of a false calf serving.

Beastly Sport.—A prize fight between Barney Aaron and Sam Collyer, for the light weight championship of America, came off on Thursday morning week, near Aquia Creek, and lasted two hours. Sixty-seven rounds were fought, and Collyer being too weak to come up on the sixty-eighth round, Aaron was declared the victor. Both were badly "punished." Collyer's face was butchered to a jelly; and Aaron had three ribs broken. The whole affair was a foul disgrace to civilization and humanity.

☞ The new liquor law in Pennsylvania makes it the duty of policemen to arrest every person who is found in a state of intoxication in the streets or public houses, and orders that the individual shall be taken before a magistrate and submit to an examination there as to where he got the liquor, which is to be followed by a strict prosecution of the person who sold it to the inebriate.

☞ The hotel keepers and others in Philadelphia held a large meeting, on the 25th ult., and passed resolutions denouncing the new liquor law as harsh and oppressive, and expressing a determination to work for its repeal. The Philadelphia members were denounced for not opposing the law in the Legislature.

A Big Mortgage.—A mortgage has just been recorded in Iowa, from the Chicago, Rock Island and Pacific Railroad Company to John A. Stewart and Wm. H. Osborn, of New York, for the sum of nine millions of dollars. The revenue stamps amounted to nine thousand dollars.

THE ANGEL GABRIEL.

Judge Sharswood, sprung of a well-known Pennsylvania family, was born on the 7th of July, 1810. He graduated on the 31st of July, 1828, at the University of Pennsylvania, with the highest honors, delivering the Greek salutatory oration. He studied law with the Hon. Joseph R. Ingersoll, and was admitted to practice on the 5th September, 1831. In 1837, five years after his admission to the bar, he was elected from the city of Philadelphia to the Legislature of his native State. This was at a time when that body numbered among its members many of the distinguished men of the State, and when to be a member of it was an honor. In 1838, he was chosen a member of the Select Council of the city of Philadelphia. In 1841 and 1842 he was again elected to the Legislature. On the 8th of April, 1845, upon the reorganization of the present District Court for the city and county of Philadelphia, he received at the hands of that pure patriot, the late Governor Shunk, the appointment of Judge of that Court, and on the 1st of February, 1848, became its President, one of his senior associates yielding the place to him. When the Constitution was changed in 1851 and the judiciary became elective, and again in 1861, he was elected by the people without an opposing candidate, the unusual honor of a nomination by both of the great political parties having been conferred upon him.

Thus, for over twenty-two years, has Judge Sharswood been a member of, and for nearly twenty years presided over, the busiest court in this large city. How he has filled that office the universal testimony of the Philadelphia bar will testify. It is not too much to say that no Judge who ever sat in this county has commanded to so great a degree the respect and confidence, and, if we except Judge Bushrod Washington, the affection of the profession as Judge Sharswood. If it were possible to estimate the value in money which such a Judge has been to this community during the long period of his official service, the sum would seem exaggerated to any not familiar with his worth.—*Age.*

**STEVENS' SLUR UPON THE WHITE SO

The Compiler.

GETTYSBURG, PA.

Monday Morning, July 1, 1867.

FOR JUDGE OF THE SUPREME COURT,

HON. GEORGE SHARSWOOD.

THE WAR OF THE FACTIONS.

Judge Williams, of Pittsburg, was nominated for Supreme Judge by the Radical State Convention at Williamsport, on Wednesday. The fight between the Cameronians and anti-Cameronians was hot and exciting, and it required nine ballots before Simon could carry Williams through. The rank and file of the party are greatly disappointed. A ratification meeting called for the evening proved a most galling failure, not a hundred persons being present.

The people of Pennsylvania have had enough of negro Radicalism, and will soon return to their first love—a WHITE MAN'S government, upon the basis of MODESTY and ECONOMY.

"RECONSTRUCTION" ITEMS.

—A fiendish attempt at murder was made several days since by two negroes upon Mr. Whitehurst, a hotel keeper in Princess Anne Court House, Virginia. He was en route to Fortress Monroe to purchase supplies, and was knocked down by them on the road. They dragged him from his carriage, and, after severely beating him, were frightened away before they could secure his money.

—W. S. Flynn, a storekeeper in Pierce county, N. C., was brutally murdered last week. Two negroes came into his store, and while one engaged him in conversation the other split his head open with a hatchet, killing him instantly. The negroes then robbed the store, set it on fire, and the body of the murdered man was consumed in the flames.

—A Washington correspondent of the N. Y. *Herald* says:

"A secret society has been started in Memphis, Tenn., which is said to be but one of many hundreds existing through the State among the colored population. The organization is ostensibly for benevolent purposes, but in one of its degrees its requires the initiated colored man to take a fearful oath to murder those who abandon its ranks and oppose Brownlowism."

The Effect.—Gold began to rise as soon as the announcement was made that there would be a session of Congress in July. The people have learned, to their cost, that that body of fanatics can not assemble without injury to the business prospects of the country. It is bad for a country when the people are afraid to trust their rulers, even for a few days at a time.

☞President Johnson has been paying a visit to New England. His reception along the route was very gratifying, every town and village on the line of his journey turning out to do him honor, except Philadelphia. New York and Boston gave him an enthusiastic welcome, all parties uniting in the ovation to the Chief Magistrate of the nation. Philadelphia stands alone in her ignominy.

☞Radical thieves about the Capitol at Harrisburg have been stealing tons of valuable reports and other documents, and selling them to the paper makers.—They have been arrested, but their party leaders will doubtless manage to rescue them from deserved punishment. Even if juries convict, Geary's pardons are potent to save.

☞Gen. Sickles has sent in his resignation as Satrap over the Carolinas. Let it be accepted, by all means. His tyrannical rule has been a disgrace to the American character.

☞The *Clinton Democrat* comes to us enlarged and improved. An earnest worker in the Democratic vineyard, it deserves the highest success. The editors are complimented for the handsome improvements made on their trenchant sheet.

☞It is intimated that the reason the President was not impeached was because Ben Wade would have been his successor—thus standing in the way of Colfax and half a dozen other greedy aspirants. It is generally understood that if Ben once got in he couldn't be got out during life.

☞Gen. Hancock, with an armed guard, is escorting drunken Zach Chandler, Laflin, and other Radical sores on the Government, to Colorado. How the thieving Radical nabobs splurge about—at the people's expense!

☞Forney's organ says: "A few more of Mr. Stanbery's opinions will necessitate a July session of Congress." And another session of "Congress" will necessitate a few more of Mr. Stanbery's opinions.

☞Hon. Wm. E. Finck, of Ohio, recently Democratic Representative in Congress, has been nominated by the party for the State Senate. He is related to the Fink family of this county. He is a good lawyer, and an attentive legislator. Hope he may be elected.

☞While Senator Wilson thinks the negroes are not capable of properly taking care of the bounty they receive as soldiers, he believes them competent to govern the country.

☞At Boston, the other day, a vessel made a short trip around the harbor to test the value of crude petroleum over coal for generating steam. The vessel made 25 nautical miles in 1,55 hours, and consumed four barrels of oil. The vessel was made to run eight knots with coal.

☞The Philadelphia *Bulletin* (Radical) says: "The nomination of Judge Sharswood is an excellent one." Aye, is it.

☞The Mac-a-cheek *Press* says "no man runs a larger amount of machinery to less loiler than Schuyler Colfax. His motive power is impudence."

☞The Nashville darkies demand their turn with the whites in the barber shops.

☞To Drive Drowsiness.—Place a bucket of cold water by the side of your bed; when you first awake in the morning, dip your hands in and wet your brow, and sleep will not again seal you in its treacherous embrace.

THE POLITICAL SITUATION.

The Response of the People to the Call of the Radical Agitators.

The *National Intelligencer*, the old Whig organ at Washington, has the following editorial article in regard to the proposed re-assembling of Congress this month. It is pointed as well as timely:

We have published from time to time brief extracts from Republican party papers showing the spirit with which the most sensible portion of the Radical press regard the frantic call of the revolutionary agitators for a midsummer session of Congress. The attempt to create an excitement upon the Attorney-General's interpretation of the reconstruction acts is about to prove a most impotent failure. The fact that these opinions were not volunteered, but were requested through the regular channels of official communication by the generals commanding in the South, has been regarded by the thoughtful and considerate organs and masses of the Republican party as an ample justification of the utterance of the opinions, and the added fact that these opinions have been calmly considered, and with singular unanimity almost entirely approved and adopted by every officer of the President's Cabinet, robs the hot-headed Hotspurs of the Radical revolutionary cabal of all their thunder, and renders their furious invectives against the President and the Attorney-General simply ridiculous. They either felt or feigned a grand passion, born of enthusiastic patriotism, demanding the instantaneous reassembling of Congress to prevent the President and the Attorney-General from setting aside and absolutely nullifying a law passed by Congress. In their haste and fury they hoped to be able to communicate their own passion to the masses of the Republican party. They seem, however, to have counted without their host. Numbers of the most influential of the Republican organs have discovered and exposed the trick that was attempted to be played by the thrice-defeated impeachment cabal and high-tariff combination. This exposition has been made calmly, deliberately, and forcibly. It will have considerable weight with the masses of the Republicans throughout the country, and will be a warning to the reckless managers of the "cabal" to consider carefully what they propose to do.

For ourselves, for the conservative masses of the country, we may say that we are utterly indifferent about this proposed midsummer session. We are well convinced that it is entirely unnecessary; that it can do no good even to the Republican party, much less to the country; that it will renew agitation, delay reconstruction, utterly destroy what remains of public confidence, and greatly impair the public prosperity, which, with the hope of ultimate reconstruction, had begun timidly to peep out from among the debris of civil war and reckless partisan Congressional legislation. It will serve, however, to hurry up the impending crisis in public affairs, when the traitorous pro-military revolutionists of the Radical faction will be compelled boldly to show their hands, and stand confronted with an indignant and outraged people. It will compel every Senator and member Congress, and every public man of the Republican party, who has within his breast one spark of patriotism and true republican spirit, to array himself in firm and unyielding hostility to the revolutionary cabal who are seeking madly and recklessly to overturn the government, to destroy constitutional liberty and to erect upon its ruins a despicable military despotism, of which the authors themselves, as in the dark days of the French revolution, may become the earliest victims. If a midsummer session of Congress should be held, let the Radical revolutionists themselves beware of the consequences.

TROUBLE AHEAD.

The New York *Herald* has hitherto been very good authority with Radicals. Let them hearken, then, to the following wail over the prostrate condition of the country from that journal:

"We are in great danger. The expenses of the country are greater than it can safely bear. The machinery now employed by the Government, including the military government of the South, the Freedmen's Bureau, the army of tax gathers, and the numerous other expedients for spending money, is four times as extensive and costly as it was before the war. We did not feel it when we were borrowing money and expanding the currency, but now pay day is at hand. Legitimate business throughout the North and West is in a prostrate condition. Its vitality has been sapped by taxation. The South is not only bankrupt but actually starving. The people are everywhere suffering from the burdens heaped upon them. Prices of food, of rents, of clothing, are increasing, and our taxes are growing higher every year. Our local taxes are no exception. The State tax for this Commonwealth amounts to $5,000,000 this year, against $3,700,000 last year. The rate of taxation in this city in the same time has risen from $13 to $17 in the thousand; and the same is true of all the cities and towns about us. The remedy is in the hands of the people, and if they do not exercise it they have no right to complain. But if they think that we have enjoyed as much as we can afford of such luxuries, we call upon them to kick over all platforms built upon abstract dogmas, and choose servants who will act for the best interests of the country. We are on the wrong track. Let us change our course before the Ship of State is wrecked upon the breakers dead ahead!"

☞The *Press* says:

At the request of General Ulysses S. Grant, and of other distinguished Union men, Lieutenant General James Longstreet has been pardoned by the President. The pardon is a fitting sequence to his forcible and well-timed reconstruction letter.

Longstreet is pretty smart; he wanted a pardon, and therefore wrote a letter tickling the Radicals. Now is the time for Davis, Breckinridge and Benjamin.

☞An exciting trotting race between the famous horses Dexter and Ethan Allen, came off on the Fashion Course, on Friday week. Ethan Allen was the winner in three straight heats, making the fastest time on record—2:15, 2:16 and 2:19.

☞The Surratt trial is still in progress at Washington, and will require several more days to reach a conclusion.

☞"One thing is clear. The Pennsylvania Democracy are opposed to universal suffrage." So says the Gettysburg *Star and Sentinel*, the Republican organ of Adams county. We say so too. You are right for once. "One thing is clear;" Pennsylvania Republicans are in favor of negro suffrage. Admit this and the people will know how we stand. —*Hanover Citizen*.

☞In glancing over the files of our Republican-abolition-disunion exchanges, we are gratified as well as astonished to discover that for the past two weeks there has not appeared in any one of them a single obituary notice of the Democratic party. Can it be possible that the late elections have had anything to do with their reticence upon their favorite topic?

TOWN AND COUNTY AFFAIRS.

THE GETTYSBURG NORMAL SCHOOL.—Mr. Sheely's Normal School closed on Friday, after examinations in the various branches, before a full house. The progress manifested by the scholars was in the highest degree complimentary to both teacher and taught, and proved the institution a success as thorough as valuable. In the evening the Literary Society of the School met, and the exercises turned out to be *unusually* interesting.

Entirely to his surprise, Mr. Sheely was presented with a beautiful photographic album, and his clever lady with a silver salt-cellar and spoon—Miss Heinard presenting the former and Miss Chronister the latter, each accompanying the gift with a few very appropriate remarks. Mr. Sheely responded briefly, with much feeling. Altogether, the scene was one calculated to touch the better impulses of our natures, and impress itself indelibly on the memory.

The weather being warm, a recess was proposed, and the school-room was deserted for the cooler walks outside. Presently the bell sounded, and all hands wended their way back to the room, where they were, in turn, surprised by Mr. Sheely and his lady inviting them to a bountiful "treat" of delicious ice cream, pound cake, &c. Of course a lively and agreeable scene followed, in which high spirits, seasoned with reciprocal expressions of gratitude, held full sway.—After some time spent in partaking of the refreshments and indulging in a pleasant chat, with the transaction of a few items of necessary business, the meeting adjourned—and the first session of the Gettysburg Normal School closed. Its success thus far has proved its necessity and insured its permanency.—May the town always have as acceptable a company at the School as was that of the session terminating on Friday.

THEOLOGICAL SEMINARY.—The session of the Theological Seminary at this place closed on Wednesday last. The three previous days were occupied in examinations by the Faculty, the Committee of the Board, and visitors. The graduating class—consisting of Messrs. T. C. Billheimer, J. G. Griffith, H. C. Gressman, A. J. Hesson, J. C. Koller and H. W. McKnight—is said to be one of much promise, and most of them have already been invited to important fields of labor.

LECTURE.—The Lecture of Rev. B. Villiger, in the Catholic Church, on Monday evening, on "The Existence of God," was an able effort, forcibly argumentative, and often eloquent. Those who failed to be present missed a treat. The Reverend gentleman proved his position mainly from the natural standpoint—the grandeur of Creation, the order and harmony governing the physical universe, and the evidence furnished by conscience.

The Gettysburg Cornet Band and the Church Choir performed admirably on the occasion.

MILITARY VISITORS.—The Company of the 14th N. Y. S. M., noticed in our last, will arrive on Wednesday evening, and after spending the 4th on the Battlefield, leave on Friday. They will quarter whilst here at the Eagle Hotel. They are said to be a very fine Company, and will no doubt create a stir.

THE FOURTH OF JULY, the anniversary of the signing of the Declaration of American Independence, will occur this year on Thursday next. No arrangements have been made here for a general celebration, but the day will be observed by everybody nevertheless. We presume business will be suspended as usual. A national salute will be fired in the morning.

EAST BERLIN.—This pleasant village is being handsomely improved. Dr. J. A. Armstrong is erecting a fine two-story brick house, nearly opposite Becker's Hotel. The Doctor intends opening a first class Drug Store as soon as the house shall be finished. Mr. Jacob Stein has put up a large two-story brick house, for store and dwelling, near the centre of the town. Mr. George King is about building a two-story brick house at this end. Mr. A. Schoop is also about erecting a new residence. There are other improvements in contemplation. Berlin is a beautiful place, and, as the Hanover *Citizen* very truly remarks, is inhabited and surrounded by a whole-souled and hospitable class of people. Long may they wave.

ODD FELLOWS' HALL.—The Odd Fellows' Hall Association of Petersburg, in this county, have contracted for the erection of a Hall, 30 feet by 65, three-story brick, with iron front, on the old Gardner corner, in the centre of town. C. A. Peacock is the contractor, at $8,390—the Hall to be finished by the 1st of January next. The first floor is to be devoted to a large store room, the second to a Town Hall, and the third to a Lodge room.—It will no doubt be a very fine improvement.

ANOTHER LONG FAST.—Mr. Cornelius Daugherty, of this place, has a Brahma hen, which, some time ago, done without food or water for the almost incredible space of three weeks and four days! In throwing a lot of hay into a mow, the hen was accidentally covered, and in such a position as to be unable to extricate itself—but near enough to a partition to allow it air. In removing the hay for daily feeding, the hen was reached after the lapse of time stated. She was when found too weak to walk, but is now all right again, and manifests a rather stubborn determination for another three weeks "sit."

BITTEN BY A MAD DOG.—We learn that a child of Mr. David Kroft, residing near Irishtown, in Oxford township, was bitten by a mad dog, about two weeks ago. The dog belonged to Mr. K., and was chained at the time. Soon after biting the child, the dog became raving mad, and had to be killed. It is most devoutly hoped that the child will escape the terrible disease.

INSURANCE.—Attention is directed to the advertisement of the Farmers' and Merchants' Insurance Company of York, Pa. This is looked upon as a very reliable company, and justly so. It works on the best-ascertained principles, and is well managed.

☞Hon. Edward McPherson received three votes for Supreme Judge in the Radical Convention at Williamsport.

COMMENCEMENTS.—The Annual Commencement at Mt. St. Mary's College, near Emmitsburg, took place on Wednesday last. Notwithstanding the rainy weather and muddy roads, the attendance was good. The exercises were, throughout, of an exceedingly interesting character, the speeches and the music eliciting warm and frequent applause.

Speeches were delivered as follows: On "American Society," by Joseph A. White, Baltimore; "Poetry," by Charles McNamee, Washington City; "Servile Imitation," by Andrew J. Joyce, Georgetown, D. C., "Heroism," by Thomas M. Chatard, Baltimore; Valedictory, by Charles McNamee. These efforts were all creditable, indicating mind and culture.

President McCaffrey prefaced the conferring of degrees with a speech of some length, detailing many interesting points in the history of the College during his thirty-one years' Presidency, and complimenting the graduates and students generally for their moral and gentlemanly deportment, as well as for the progress made and making in the acquisition of knowledge by them. The speech, though mainly matter-of-fact, was sufficiently racy to make it very entertaining to all who heard it.

The degree of Bachelor of Arts was conferred upon Joseph A. White, Baltimore, Charles A. McNamee, Jr., Washington, Thomas M. Chatard, Baltimore, Andrew J. Joyce, Washington, John J. Maguire, Cavan, Ireland, James A. Kelley, Wilmington, Del.; and that of Master of Arts upon Thomas W. Kenney, Philadelphia, Joseph F. Corrigan, Newark, N. J., Joseph A. Livers, Mechanicstown, Md., John A. Watterson, Blairsville, Pa., Martin F. X. Fallon, Baltimore, and Patrick Garvey, Johnstown, Pa. A large number of premiums were distributed, after which the exercises closed with music. Of the music it is only necessary to say that Prof. Dielman had charge of it to convince the public that it was choice and delightful.

At 3 o'clock the customary Graduates' Dinner was announced, when the faculty, graduates and quite a number of invited guests took up the "line of march" for the large dinning hall of the institution. The long tables groaning under their weight of good things testified to the taste and liberality of the procurator, Vice President McCloskey. The invitation to partake was readily obeyed, and the viands were discussed with genuine gusto. After the dessert, ample and varied as was the balance of the meal, came toasts and responses, many of them very happy, and all contributing more or less to the general enjoyment. Rising from the tables, the doings of the day closed. All present were delighted, and will long cherish pleasant recollections of the Commencement of 1867.

—The Commencement at the Sisterhood (St. Joseph's Academy) occurred on Thursday. Want of the necessary leisure prevented us from being present, but we learn that it was an unusual success, the exercises throughout affording the highest pleasure to the large audience in attendance. The proficiency exhibited by the young ladies was an honor to them and the excellent institution having their education in charge.

—The ladies of Emmitsburg who served dinners and suppers during Wednesday and Thursday (the proceeds to go towards placing a steeple upon the Catholic Church) were, we are glad to be informed, more successful than the bad weather and worse roads led them to expect. The ladies of that place are hard to excel in getting up a good meal or a nice fair.

THE MEMORIAL CHURCH.—A meeting of subscribers to the Memorial Church enterprise, was held in the Methodist Church on Tuesday evening, D. A. Buehler, Esq., presiding, and Dr. J. W. C. O'Neal acting as Secretary. A local association was formed, auxiliary to the organization of which Gov. Geary is President, and articles of association adopted. The following officers were elected, viz:

President—R. G. McCreary.

Vice Presidents—M. McClean, J. Culp.

Secretary—David Wills.

Cor. Secretary—J. W. C. O'Neal.

Treasurer—J. L. Schick.

Executive Committee—J. L. Schick, C. H. Buehler, E. G. Fahnestock, W. A. Duncan, A. J. Cover, T. C. Norris, Wm. Guinn, A. M. Hunter.

The Executive Committee were instructed to proceed at once to canvass for subscriptions.

—We understand that "Smith's Corner," on the Square, has been purchased, (at $6,000,) for the location of the Memorial Church.

ARRESTED.—George W. Thompson was arrested, on Friday evening, by Sheriff Hann, charged with assault and battery, and attempt to ravish, upon Amanda C. Pitzer, aged about 13 years. He was committed, in default of $800 bail, by Justice Myers.

MARE RETURNED.—The mare stolen from John Hartman, at Mummasburg, (noticed in our last,) was brought back on Friday. The thief had got as far as Bloody Run with the animal, where, discovering that suspicion attached to him, he suddenly disappeared, leaving the mare. She was promptly sent home.

☞See Col. Buehler's new advertisement, in another column. Though he enumerates a large number of articles to be found in the several departments of his establishment, he has not mentioned the half. It is really surprising to see in a country town so extensive and varied an assortment. Whilst his yard is well stocked with lumber and coal, his ware rooms contain everything that could be thought of in the stove, tin-ware, hollow-ware and house-furnishing line. The public, in order to get a fair idea of this immense stock, must call and see for themselves—as they are cordially invited to do.

SALARIES OF ASSOCIATE JUDGES.—At the last Legislature the salaries of Associate Judges were fixed at the sum of five dollars per day for every day not exceeding fifty, and for every day they are employed in excess of fifty, the sum of three dollars is allowed—provided the salary of no Associate Judge shall be less than three hundred dollars per annum.

THE NATIONAL CEMETERY.—The Board of Managers of the Soldiers' National Cemetery met in this place on Wednesday week—D. Wills, Esq., President of the Association, in the chair. The following Commissioners were present: Messrs. Hebard of Vermont, Edwards of Massachusetts, Hammond of Connecticut, McCurdy of New York, Du Bois of New Jersey, Wills of Pennsylvania, Deford of Maryland, Blake of Indiana, Carr of Illinois, Ferry of Michigan, and Selleck of Wisconsin.

After the reading of the minutes, and hearing of reports, Gen. J. W. Hoffman, Secretary of the "Reynold's Monument Committee," was introduced, and stated that the Committee had determined to erect a Bronze Statue in the Soldiers' National Cemetery to the memory of Major General John F. Reynolds, under the provisions of a resolution of the Board passed April 7, 1864, in reference to the erection of monuments in the Cemetery, and solicited from the Board some aid in the preparation of the foundation for the statue. A resolution was then passed directing a foundation to be laid and a suitable pedestal erected, upon which to place the Bronze Statue of Gen. Reynolds, within the Cemetery, at a cost not exceeding two thousand dollars.

The subject of the future care of the Cemetery after its final completion, was then taken up and discussed, and a resolution passed appointing Messrs. Selleck, Hebard, Carr, McCurdy, Wills, Blake, and Ferry, a committee to inquire "what steps are necessary, and whether practicable and expedient, to transfer the care and supervision of the Soldiers' National Cemetery at Gettysburg, to the United States, under the provisions of the Act of Congress, approved Feb. 22, 1866, entitled, 'An act to establish and perfect National Cemeteries,' and to report to the Board at their next annual meeting."

After the transaction of some other business of minor importance, the Board adjourned.

The Monument to be erected in the Cemetery will be finished and dedicated on the 4th of July, 1868. The Association has already paid the sum of twenty-five thousand dollars in instalments, on the work as it has progressed, and there yet remains to be paid the sum of twenty-four thousand dollars. The base and shaft of the monument will be of white granite, and is being worked out at the quarries, at Westerley, R. I. The Statuary (five pieces of colossal statuary) is being made in Rome (Italy), under the supervision of Mr. Rogers, the American Sculptor, residing there.—When this monument is erected the work in the Cemetery will be complete.

—The act of Congress of Febuary 22, 1866, provides, says the *Star & Sentinel*, for the proper enclosure of all the cemeteries which have been established for the burial of deceased soldiers and sailors; for marking each grave with a proper headstone, and for keeping proper lists. A porter's lodge is to be built at the entrance of each cemetery, to be occupied by the superintendent, who is to be detailed from the enlisted men of the army, disabled in service, and who shall have the pay of an ordnance sergeant. The Secretary of War is to detail some officer of the army, not under the rank of Major, to visit annually all the Cemeteries, and to inspect and report to him their condition, and the amount of money necessary to protect them, to sod the graves, gravel and grade the walks and avenues, and to keep the grounds in complete order, and Congress is to appropriate annually what it may think necessary. The sum of seven hundred and fifty thousand dollars was appropriated to carry out the provisions of this act.

This act applies to all the National Cemeteries in existence except those at Antietam and Gettysburg, which were established by the States. The question of giving control of ours to the General Government has been raised, and, after full investigation, will be decided at the annual meeting a year hence.

THE SPRINGS.

Our usually quiet little town has been startled for several days past by the movement through its streets of wagons heavily laden with bottles, demijohns and carboys, of a strange pattern and get up.

The movement through our streets of these strangely freighted vehicles, under the guidance of well known persons, has re-impressed upon the minds of our citizens, a fact which had lost much of its influence from familiarity, viz: that they reside in the vicinity of some of the most extraordinary medicinal springs on the continent, if not in the world, and that their waters supply the material of a traffic as extensive as that which has its center at Saratoga, in the United States, and at Vichy, in France.

These glass vessels are intended for securing and introducing to the suffering portion of the community these now famous waters of Gettysburg.

The demand for this water has increased to such an extent as to justify and require these additional means of supply.

AN EVERLASTING DISGRACE.

The New York *Commercial Advertiser* expresses the opinion that "ere the present Congress reassembles, the evidence—conclusive and irresistible—will be furnished, that the last Congress was the worst and the weakest that ever left its impress upon our country. The day is not distant when every prominent feature and almost every influential enactment of that Congress will be execrated. Intuitively, however, it prepared the only escape from the ruin it will have caused, by the passage of a bankrupt law."

GIFT ENTERPRISES.

Within the past two weeks several of those humbugs called Gift Enterprises, (for *professedly* charitable and patriotic purposes,) have exploded, leaving many fools to reflect on their folly. It is time all should know that they can expect nothing else than to be swindled by such affairs. The only way to cure some credulous folks will be to let them be cheated to their hearts' content.

☞Mrs. Redding has our thanks for another present of lettuce—heads of extraordinary size and very tender. May she live a thousand years!

It is with sadness that we are called on to inform the readers of your paper, of the rather unexpected death of JACOB MARCH, Sr., near New Chester, Adams county.

It is true, his death was not unexpected to himself and family, as the nature of Dropsy, with which he died, was of such a character, that he himself was better able to experience the rapid progress of the decease and his declining strength, than those around him. On Thursday evening, June 13th, he retired early and apparently enjoyed a sound sleep until near 9 o'clock, when he asked for a drink of water. After he had taken a few sips of water, it was discovered that he was sinking; the family was called to his bedside, and after administering some wholesome christian counsel to his family, he calmly fell into the embrace of that sleep from which no one awaketh until the resurrection morn.

His death is not only a loss, deeply felt and lamented by his family, but also by the Reformed Church, of which he was a faithful member for many years. He was one of the heaviest contributors toward the erection of the beautiful Church edifice at New Chester, which is a lasting monument, sacred to his memory. He was an affectionate husband, a kind and indulgent father and a good neighbor. Generosity was never wanting in his heart for any worthy object, nor hospitality in his family.

On Saturday, June 15th, his remains were followed to the grave by a large concourse of mourning relatives and sympathizing friends. The procession was impressed at the church by a discourse from his pastor, based on the passage recorded in Psalms 37: 37. We all deeply sympathize with the family in their loss, but trust their loss was his gain. He was aged 59 years 10 months and 20 days. D.

SCHENCK'S SEAWEED TONIC.

This medicine, invented by Dr. J. H. Schenck, of Philadelphia, is intended to dissolve the food and make it into chyme, the first process of digestion. By cleansing the stomach with Schenck's Mandrake Pills the Tonic soon restores the appetite, and food that could not be eaten before going it will be easily digested.

Consumption cannot be cured by Schenck's Pulmonic Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWEED TONIC and three or four boxes of the MANDRAKE PILLS will cure any ordinary case of dyspepsia.

Dr. Schenck makes professional visits in New York, Boston, and at his principal Office in Philadelphia every week. See daily papers of each place, or his pamphlet on consumption for his days for visitation.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of Consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all Druggists and Dealers, price $1.50 per bottle, or $7.50 the half dozen. All letters for advice should be addressed to Dr. Schenck's Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

A Young Lady

returning to her country home, after a sojourn of a few months in the city, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. Its simplicity in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. SEWING MACHINES.

The Grover & Baker.—The Best in Use.

THESE Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged to be the BEST in use by all who have tried them. The "Grover & Baker Stitch" and the "elastic Stitch" are points that have been attained by no other Machine. They are the only machines that sew all the different textures with perfection. These Machines are peculiarly adapted to Family use. They are noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money,* and do their work better than it can be done by hand.

The undersigned having been appointed Agent for the above Machines, has established an Agency in Fairfield, Adams county, where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves.

☞ Needles and Thread will also be supplied.

Regenerator Capillis.

Throw away your false frizzles, your switches, your wig—
Destructive of comfort, and not worth a fig;
Come age, come youthful, come dark and fair,
And I regale in your own luxuriant hair.

REGENERATOR CAPILLIS.

For restoring hair upon bald heads (from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from three to eight weeks, or hair upon bald heads in from two to three months. A few hours' application will prove to have exerted that there is nothing that will force or hasten the growth of the hair or beard. The assertions are false, as thousands of living witnesses (from their own experience) can bear witness. But many will say, how are we to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the alleged Preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Regenerator Capilli; it will cost you nothing unless it fully comes up to our representations. If your Druggist does not keep it, send one dollar and we will forward it, post paid, together with a receipt for the money, which will be returned you on application, providing entire satisfaction is not given. The World Astonished

She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, calastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She leads you on very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the malefic stars that overcome or predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Full power to consult the greatest Astrologist on earth. It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, $1. Parties living at a distance can consult the Madame by letter with equal safety and satisfaction to themselves, as if in person. FOUTZ'S

CELEBRATED

Horse and Cattle Powders.

This preparation, long and favorably known, will thoroughly reinvigorate broken-down and low-spirited horses, by strengthening and cleansing the stomach and intestines

It is a sure preventive of all diseases incident to this animal, such as LUNG FEVER, GLANDERS, YELLOW WATER, HEAVES, COUGHS, DISTEMPER, FEVERS, FOUNDER, LOSS OF APPETITE AND VITAL ENERGY, &c. Its use improves the wind, increases the appetite, gives a smooth and glossy skin—and transforms the miserable skeleton into a fine-looking and spirited horse.

To keepers of Cows this preparation is invaluable. It increases the quantity and improves the quality of the milk. It has been proven by actual experiment to increase the quantity of milk and cream twenty per cent. and make the butter firm and sweet. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

In all diseases of Swine, such as Coughs, Ulcers in the Lungs, Liver, &c., this article acts as a specific. By putting from one-half a paper to a paper in a barrel of swill the above diseases will be eradicated or entirely prevented. If given in time, a certain preventive and cure for the Hog Cholera.

Especially recommended to growers of STRAWBERRIES, RASPBERRIES, BLACKBERRIES, and all SMALL FRUITS.

More than 13 years of regular use upon all descriptions of Crops grown in the Middle and Southern States, has given a high degree of popularity to this MANURE, which places its application now entirely beyond a mere experiment.

BAUGH'S RAW BONE SUPER-PHOSPHATE OF LIME is eminently a success as a Substitute for Peruvian Guano and Stable Manure—and is offered to the Agriculturists of the Northern and Eastern States as a fertilizer that will cheaply restore to the Soil, those essentials which have been drained from it by constant cropping and light manuring.

It is very prompt in its action—is lasting in effect to a degree unattained by any commercial manure in the market, and is afforded at a much less cost than *bought* Stable Manure, or Peruvian Guano. The Labor involved in its use is far less than that of applying stable manure, while there is no risk from the introduction of noxious weeds.

Lyon's Periodical Drops!

THE GREAT FEMALE REMEDY
FOR IRREGULARITIES!

I have tested these Drops in my own practice, over ten years, and do not hesitate to say, that nothing has yet been developed by medical research, that acts so powerfully, positively, and harmlessly, in cases of female irregularity, as does this medicine. In all recent cases it never fails, while thousands who have been long sufferers, are indebted to it for the boon of health to-day.

Although so powerful and positive, they are perfectly harmless, and may be used at all times, except when specially forbidden in the directions.

They have been extensively employed by eminent physicians in France and England, as well as in my own practice, over ten years, and I have yet to hear of the first instance of failure. I could give you testimonials of their efficacy from all over the northern and western States, were they not in their nature private. Over 100,000 bottles have been sold the past year, and I hope and trust as many sufferers have been benefitted. I am well aware that a remedy so potent to remove all obstructions, may be used for a bad purpose, but trust that where one bottle is thus used, ten may fall into the hands of really needy sufferers.

To all who suffer from any irregularity; painful, difficult, excessive, offensive or obstructed Menstruation, Leucorhœa, or the train of diseases that follow, I would say, try a bottle of DR. LYON'S FRENCH PERIODICAL DROPS. Being a fluid preparation, their action is more direct and positive than any pills or powders. Explicit directions, bearing my fac simile, accompany each bottle.

They may be obtained of nearly every druggist in the country, or by enclosing the price to C. G. C
